Will Begin Work on Floats

Secretary Mooney, of the semi-centennial celebration, will begin work this week on the historical floats that will appear in the parade and which will be a feature of the celebration. The frame building on Locust street owned by Chas. McDonald and the exhibition hall at the fair grounds have been secured as workshops.

Considerable material to be used in the construction of the floats was received yesterday. It will require about ninety days to complete the floats as many of the designs are made of paper mache and each section must be made and allowed to dry before being assembled to form the complete design.

Lincoln County Has Much School Land

There are 133 tracts of school land in Lincoln county, 110 of which are full sections of 360 acres each, the others are fractional sections, and the total is approximately 75,000 acres. Had the legislature ordered the sale of these lands, in the course of a few years all the tracts would have been sold, and become taxable property, thus increasing the revenues of the county. So long as owned by the state the county receives no benefit, the land is not improved, and though roads are built along or through these tracts they do not contribute to the cost of making or maintaining the roads. The sale of the lands would benefit many more people in Lincoln county than does the leasing system.

Dave Love Dies at Ft. Collins.

Word received in town yesterday announced that Dave Love, for many years a resident of Sutherland and well known in North Platte, had died at Ft. Collins, Col., to which place he removed last summer or fall. Mr. Love had been in poor health for several years and removed to Colorado hoping the change in climate would prove beneficial, but unfortunately it did not.

Mr. Love came to Lincoln county twenty-five or thirty years ago. He followed the vocation of auctioneer for a long period, and this gave him a wide acquaintance in Lincoln and adjoining counties.

Her remains were taken to Fowler, Col., for interment, the Rebekahs, Royal Neighbors and Eastern Star lodges attending in a body. The deceased came to North Platte in 1876 with her parents when but a babe, and remained here until 1904 when she was married to Mr. Farlow. They located at Fowler, and continued their residence there until about two years ago when they removed to McAllister.

Paving Assessments

Elsewhere will be found the assessment levied against property in the paving district as provided by the ordinance passed by the city council last week. In this assessment the Union Pacific comes first with over \$12,000, Lincoln county second with over \$5,000 and the school district third with over \$3,000. The cost to a two-by-two foot lot, however, will not prove burdensome to the owner.

The damage was not great.

In the Keith's Thursday program Norma Talmadge gets genuine high comedy out of the pretty girl who must "uglify" herself in order to hold her situation as a typist, and she certainly gives a vivid demonstration of the value of clothes as a setting for beauty. With this will be the 2 part Keystone "Vampire Ambrose," with Mack Swain and Polly Moran.

F. W. Cross last Friday moved into his new residence in the 400 block on east Second street. "Fair and Warmer"

When Selwyn & Company present "Fair and Warmer" at the Keith on Tuesday, March 6th, they will offer to a grateful public the first Avery Hopwood laugh-maker since his famed "Seven Days" and "Nobody's Widow;" the biggest success in the long and distinguished line of Selwyn successes which packed the Eldorado and Harris theatres in New York for just one year, and is now in its sixth month at the Cort theatre, Chicago.

Avery Hopwood is past master of farce, and in "Fair and Warmer" he has had just the kind of idea he knows best how to handle. Four young and prosperous persons with leisure to take themselves very seriously, are oddly assorted as one very good husband with a giddy wife, and one very good wife with a philandering husband.

The festive two overtax the patience of their respective marriage partners, who in their turn, for purposes of revenge vow to be thoroughly wicked.

They do not learn till it is too late to do them any good, that wickedness needs a practiced hand and that, with amateurs, it is much more apt to be a boomerang than a projectile. The result is three acts of fast and cumulative fun in which the amateurs struggle ignominiously but finally successfully to get out of the difficulties they had arranged for their spouses.
